*"you help the parish community to become a family" (Pope Francis to cells, 5 September 2015)*

*"You have the vocation of being like a seed through which the parish community examines its missionary existence, and for this reason you feel irresistibly within you the call to meet everyone to proclaim the beauty of the Gospel.*

*This missionary desire requires, first of all, listening to the voice of the Holy Spirit, who continues to speak to his Church and urges her to take paths still unfamiliar at times but decisive for the way of evangelization.*

*I encourage you to make the Eucharist the heart of your mission of evangelization, so that every Cell may be a Eucharistic community".*

*Pope Francis  
to Parish Evangelization Cells  
5 September 2015*

To attend these celebrations, participants will need to register and obtain an entry pass.
